Form 19b-4

Proposed Rule Change
by

THE OPTIONS CLEARING CORPORATION

Pursuant to Rule 19b-4 under the
Securities Exchange Act of 1934

Item 1. Text of the Proposed Rule Change

Pursuant to the provisions of Section 19(b) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² The Options Clearing Corporation (“OCC”) is filing with the Securities and Exchange Commission (“Commission” or “SEC”) a proposed rule change to amend the definition of “Fund Share” in Article I of OCC’s By-Laws (including the Interpretation and Policy), consistent with the staff advisory (“Advisory”) recently issued by the Commodity Futures Trading Commission (“CFTC”) regarding the clearing of options on spot commodity exchange traded funds (“ETFs”)³ (hereinafter “Proposed Rule Change”).

The proposed changes to OCC’s By-Laws are included in Exhibit 5 of File No. SR-OCC-2024-018. Material proposed to be added to OCC’s By-Laws as currently in effect is underlined and material proposed to be deleted is marked in strikethrough text. All capitalized terms not defined herein have the same meaning as set forth in the OCC By-Laws and Rules.⁴

Item 2. Procedures of the Self-Regulatory Organization

The proposed amendments were approved by OCC’s Board of Directors at a meeting held on November 22, 2024.

Item 3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

OCC clears and settles options on ETFs. Such ETFs are classified under the definition of “Fund Share” in OCC’s By-Laws. An Interpretation and Policy to the fund share definition lists by name certain precious metals commodity-based ETFs for which OCC can provide clearance

and settlement services on related options and security futures contracts. This practice began in 2008 because of the uncertain jurisdictional status of options or security futures on precious metals commodity-based ETFs.⁵ As exchanges have launched more of these products since 2008, OCC has, for each product, (i) sought CFTC exemptive relief pursuant to Section 4(c) of the Commodity Exchange Act (“CEA”)⁶ from regulations that would be inconsistent with the trading and clearing of these products if the underlying were considered a commodity that is not a security⁷ and then (ii) filed a proposed rule change with the Commission to incorporate the name of the product for which relief was granted into the Interpretation and Policy of the fund share definition.⁸

On November 15, 2024, the CFTC issued the Advisory relating to the clearing of options on spot commodity ETFs. The Advisory provided that it is “substantially likely” that these spot commodity ETF shares would be held to be securities.⁹ The Advisory further concluded that “these shares listed on SEC registered national securities exchanges do not implicate the

⁵ In seeking comment to an OCC request to clear and settle options on streetTRACKS® Gold Trust Shares, the CFTC indicated that, “novel derivative products that implicate areas of overlapping regulatory concern should be permitted to trade in either or both a CFTC- or SEC- regulated environment [...]” The CFTC further noted that in considering the exemption, “the CFTC need not – and does not – find that [these options] are (or are not) subject to the CEA” and that the options were “‘novel instruments’ and the ‘determination as to [their] jurisdiction is not straightforward.’ Given their potential usefulness to the market, however, the [CFTC] believes that this may be an appropriate case for issuing an exemption without making a finding as to the nature of these particular instruments.” See Proposal to Exempt the Trading and Clearing of Certain Products Related to streetTRACKS® Gold Trust Shares, 73 FR 21917, at 21918 (Apr. 23, 2008).

⁹ See supra note 3.

[CFTC’s] jurisdiction, and therefore, the clearing of these options by OCC would be undertaken in its capacity as a registered clearing agency subject to SEC oversight.”¹⁰ OCC believes the Advisory largely forecloses any potential liability under the CEA, as amended, including the argument that OCC’s clearance and settlement of options on spot commodity ETFs constitutes a violation of the CEA.

In light of the Advisory, OCC will no longer seek product-by-product exemptive relief from the CFTC to clear spot commodity-based ETF products. OCC will, therefore, no longer need to specifically identify commodity-based products in the fund share definition. OCC proposes to make clarifications to the fund share definition based on the contents of the Advisory and delete the Interpretation and Policy to the fund share definition, which is no longer relevant or necessary, as further described below.

A. Purpose

The purpose of the Proposed Rule Change is to amend the definition of “Fund Share” in Article I of OCC’s By-Laws (including the Interpretation and Policy), consistent with the Advisory recently issued by the CFTC regarding the clearing of options on spot commodity ETFs.¹¹ Currently, Article I, Section 1, of OCC’s By-Laws defines “Fund Share” as a publicly traded security (as defined in Section 3(a)(10) of the Act, as amended) that represents an interest in a trust, investment company, commodity pool, or similar entity holding and/or trading in one or more investments. Where the investments are commodities, the amended definition would clarify that such term is subject to any applicable advisory, exemption or other relief or guidance issued by the CFTC. This proposed change is intended to facilitate the clearance of these products in a manner that is consistent with the Advisory and applicable regulations.

¹⁰ Id.

¹¹ Id.

Additionally, the Interpretation and Policy to the fund share definition currently identifies on a product-by-product basis specific precious metals commodity-based ETFs that OCC includes within the definition of fund share. The Commission previously approved proposed rule changes by OCC in which OCC added these precious metals commodity-based ETFs to the Interpretation and Policy.¹² As discussed above, the purpose of adding specific ETF names to the Interpretation and Policy was to clarify the jurisdictional status of options or security futures on these products, and was done in conjunction with the CFTC's issuance of a 4(c) order exempting the trading and clearing of the specific ETF names from CFTC regulations with which trading and clearing would be inconsistent if the products were commodities that were not securities.¹³ Because the Advisory finds it "substantially likely" likely that spot commodity ETF shares would be held to be securities, OCC believes that it no longer needs to seek product-by-product exemptive relief from the CFTC to clear spot commodity-based ETF products, including precious metals commodity-based ETFs. OCC will no longer need to specifically identify commodity-based products in the fund share definition. OCC thus proposes a clean-up change to delete in its entirety the Interpretation and Policy to the fund share definition, which is no longer relevant or necessary, to avoid potential confusion.

In general, OCC believes that the proposed changes would provide additional certainty to market participants regarding OCC's treatment of fund shares, including commodity-based ETF

¹² See e.g., Securities Exchange Act Release Nos. 57895 (May 30, 2008), 73 FR 32066 (June 5, 2008) (SR-OCC-2008-07) (SPDR Gold Trust f/k/a streetTRACKS® Gold Trust Shares)); and 61591 (Feb. 25, 2010), 75 FR 9981 (Mar. 4, 2010) (SR-OCC-2009-20) (ETFS Physical Swiss Gold Shares and ETFS Physical Silver Shares).

¹³ See e.g., 73 FR 31979 (Jun. 5, 2008) (SPDR® Gold Futures Contracts (f/k/a streetTRACKS® Gold Trust Shares security futures)); 73 FR 31981 (Jun. 5, 2008) (SPDR® Gold Trust Shares (f/k/a streetTRACKS® Gold Trust Shares options)); 73 FR 79830 (Dec. 30, 2008) (iShares® COMEX Gold Trust Shares and iShares® Silver Trust Shares); and 75 FR 37406 (Jun. 29, 2010) (ETFS Physical Swiss Gold Shares and ETFS Physical Silver Shares).

products, in accordance with applicable regulatory requirements and guidance. OCC believes that this proposed rule change does not make any substantive modifications to the fund share definition. Instead, the proposed changes update the definition with current details and remove those details that have become irrelevant due to the Advisory. Such changes would further ensure that OCC's By-Laws remain up-to-date, clear, and transparent.

B. Statutory Basis

OCC believes the Proposed Rule Change is consistent with Section 17A of the Exchange Act¹⁴ and the rules and regulations thereunder applicable to OCC. In particular, OCC believes that the Proposed Rule Change is consistent with Section 17A(b)(3)(F) of the Act¹⁵ and Rule 17Ad-22(e)(21)¹⁶ thereunder, for the reasons described below.

Section 17A(b)(3)(F)¹⁷ of the Act requires, among other things, that the rules of a clearing agency be designed to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions. OCC believes the proposed changes would facilitate the clearance of spot commodity-based ETF products in a manner that is consistent with regulatory requirements and guidance. OCC believes the proposed changes would provide additional certainty to market participants regarding OCC's treatment of such products, which would reduce the likelihood that OCC Clearing Members would have jurisdictional concerns over trading these products. Reducing jurisdictional concerns that could impede the trading of new products would remove impediments to and perfect the mechanism of a national system for the prompt and accurate

clearance and settlement of securities transactions by providing certainty regarding the treatment of fund shares.

Commission Rule 17Ad-22(e)(21) requires OCC to establish, implement, maintain, and enforce written policies and procedures reasonably designed to “be efficient and effective in meeting the requirements of its [clearing members] and the markets it serves”¹⁸ OCC believes the Proposed Rule Change is consistent with this provision because, as described above, by providing clarity in its By-Laws, it will (i) reduce the likelihood that OCC Clearing Members would have jurisdictional concerns over trading these products and (ii) ensure that OCC’s By-Laws remain up-to-date and transparent. The proposed changes to the fund share definition are intended to facilitate the clearance of commodity-based ETF products in a manner that is consistent with the Advisory and applicable regulations and to provide additional certainty regarding OCC’s treatment of such products. The proposed deletion of the Interpretation and Policy to the fund share definition would prevent potential confusion, as this provision is no longer relevant or necessary. Moreover, the Proposed Rule Change is not inconsistent with the By-Laws and Rules of OCC.

Item 4. Self-Regulatory Organization’s Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act¹⁹ requires that the rules of a clearing agency not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. OCC does not believe that the proposed amendments to the fund share definition, including the Interpretation and Policy, would impose any burden on competition because they would merely establish clear treatment of fund shares in a manner that is consistent with regulatory requirements and guidance. OCC believes that this Proposed Rule Change does not make any

¹⁸ 17 CFR 240.17ad-22(e)(21).

¹⁹ 15 U.S.C. 78q-1(b)(3)(I).

substantive modifications to the fund share definition but, instead, updates the definition with current details and removes those details that have become irrelevant due to the Advisory. The proposed changes would not inhibit access to OCC's services in any way, would apply to all Clearing Members uniformly and would not disadvantage or favor any particular user in relationship to another user. Accordingly, OCC does not believe that the Proposed Rule Change would have any impact or impose a burden on competition.

Item 5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were not and are not intended to be solicited with respect to the Proposed Rule Change, and none have been received.

Item 6. Extension of Time Period for Commission Action

OCC does not consent to an extension of the time period specified in Section 19(b)(2) of the Act.²⁰

Item 7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2) or Section 19(b)(7)(D)

(a) The Proposed Rule Change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A) of the Exchange Act²¹ and Rule 19b-4(f)(6)²² thereunder. The proposal will not take effect until all regulatory actions required with respect to the proposal are completed.²³

(b) OCC designates that the Proposed Rule Change effects a change that (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days

²⁰ 15 U.S.C. 78s(b)(2).

²¹ 15 U.S.C. 78s(b)(3)(A).

²³ Notwithstanding its immediate effectiveness, implementation of this rule change will be delayed until this change is deemed certified under CFTC Regulation 40.6.

after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. Additionally, OCC has given the Commission written notice of its intent to file the Proposed Rule Change, along with a brief description and text of the Proposed Rule Change, at least five business days prior to the date of filing of the Proposed Rule Change, or such shorter time as designated by the Commission.

OCC believes that the Proposed Rule Change does not significantly affect the protection of investors or the public interest because it would align the description of “Fund Share” in Article I, Section 1.(F) of OCC’s By-Laws (and the Interpretation and Policy) with recently issued regulatory guidance to facilitate the clearance of commodity-based ETF products in a manner that is consistent with the Advisory and applicable regulations. Moreover, the Proposed Rule Change would establish clear treatment of fund shares, including commodity-based ETF products, in a manner that would be consistent with OCC’s existing treatment of options and futures on certain precious metals commodity-based ETFs. Such commodity-based ETF products would be cleared pursuant to OCC’s existing clearing arrangements, financial risk protections, and risk management practices. The Proposed Rule Change would not make any substantive modifications to the fund share definition or operations of OCC. Accordingly, the clearance of these products would not significantly affect the protection of investors or the public interest.

For the reasons explained in Item 4, OCC also believes that the proposed changes would not impose any significant burden on competition. The proposed changes would merely establish clear treatment of fund shares in a manner that is consistent with regulatory requirements and guidance. The changes do not make any substantive modifications to the fund share definition but, instead, update the definition with current details and remove those details

that have become irrelevant due to the Advisory. The proposed changes thus would not inhibit access to OCC's services in any way, would apply to all Clearing Members uniformly and would not disadvantage or favor any particular user in relationship to another user. Therefore, OCC believes that the Proposed Rule Change would not impose any significant burden on competition.

For the foregoing reasons, the Proposed Rule Change qualifies under Rule 19b-4(f)(6), which renders the Proposed Rule Change effective upon filing with the Commission. At any time within 60 days of the filing of this Proposed Rule Change, the Commission summarily may temporarily suspend the rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the Proposed Rule Change should be approved or disapproved.

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Update The Options Clearing Corporation's By-Laws

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act” or “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 19, 2024, The Options Clearing Corporation (“OCC” or “Corporation”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by OCC. OCC filed the proposed rule change pursuant to Section 19(b)(3)(A)³ of the Act and Rule 19b-4(f)(6)⁴ thereunder. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change would amend the definition of “Fund Share” in Article I of OCC's By-Laws (including the Interpretation and Policy), consistent with the staff advisory (“Advisory”) recently issued by the Commodity Futures Trading Commission (“CFTC”) regarding the clearing of options on spot commodity exchange traded funds (“ETFs”)⁵ (hereinafter “Proposed Rule Change”).

The proposed changes to OCC's By-Laws are included in Exhibit 5 of File No. SR-OCC-2024-018. Material proposed to be added to OCC's By-Laws as currently in effect is underlined and material proposed to be deleted is marked in strikethrough text. All capitalized terms not defined herein have the same meaning as set forth in the OCC By-Laws and Rules.⁶

II. Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

OCC clears and settles options on ETFs. Such ETFs are classified under the definition of "Fund Share" in OCC's By-Laws. An Interpretation and Policy to the fund share definition lists by name certain precious metals commodity-based ETFs for which OCC can provide clearance and settlement services on related options and security futures contracts. This practice began in 2008 because of the uncertain jurisdictional status of options or security futures on precious metals commodity-based ETFs.⁷ As

exchanges have launched more of these products since 2008, OCC has, for each product, (i) sought CFTC exemptive relief pursuant to Section 4(c) of the Commodity Exchange Act (“CEA”)⁸ from regulations that would be inconsistent with the trading and clearing of these products if the underlying were considered a commodity that is not a security⁹ and then (ii) filed a proposed rule change with the Commission to incorporate the name of the product for which relief was granted into the Interpretation and Policy of the fund share definition.¹⁰

On November 15, 2024, the CFTC issued the Advisory relating to the clearing of options on spot commodity ETFs. The Advisory provided that it is “substantially likely” that these spot commodity ETF shares would be held to be securities.¹¹ The Advisory further concluded that “these shares listed on SEC registered national securities exchanges do not implicate the [CFTC’s] jurisdiction, and therefore, the clearing of these options by OCC would be undertaken in its capacity as a registered clearing agency

subject to SEC oversight.”¹² OCC believes the Advisory largely forecloses any potential liability under the CEA, as amended, including the argument that OCC’s clearance and settlement of options on spot commodity ETFs constitutes a violation of the CEA.

In light of the Advisory, OCC will no longer seek product-by-product exemptive relief from the CFTC to clear spot commodity-based ETF products. OCC will, therefore, no longer need to specifically identify commodity-based products in the fund share definition. OCC proposes to make clarifications to the fund share definition based on the contents of the Advisory and delete the Interpretation and Policy to the fund share definition, which is no longer relevant or necessary, as further described below.

(1) Purpose

The purpose of the Proposed Rule Change is to amend the definition of “Fund Share” in Article I of OCC’s By-Laws (including the Interpretation and Policy), consistent with the Advisory recently issued by the CFTC regarding the clearing of options on spot commodity ETFs.¹³ Currently, Article I, Section 1, of OCC’s By-Laws defines “Fund Share” as a publicly traded security (as defined in Section 3(a)(10) of the Act, as amended) that represents an interest in a trust, investment company, commodity pool, or similar entity holding and/or trading in one or more investments. Where the investments are commodities, the amended definition would clarify that such term is subject to any applicable advisory, exemption or other relief or guidance issued by the CFTC. This proposed change is intended to facilitate the clearance of these products in a manner that is consistent with the Advisory and applicable regulations.

Additionally, the Interpretation and Policy to the fund share definition currently identifies on a product-by-product basis specific precious metals commodity-based ETFs that OCC includes within the definition of fund share. The Commission previously approved proposed rule changes by OCC in which OCC added these precious metals commodity-based ETFs to the Interpretation and Policy.¹⁴ As discussed above, the purpose of adding specific ETF names to the Interpretation and Policy was to clarify the jurisdictional status of options or security futures on these products, and was done in conjunction with the CFTC's issuance of a 4(c) order exempting the trading and clearing of the specific ETF names from CFTC regulations with which trading and clearing would be inconsistent if the products were commodities that were not securities.¹⁵ Because the Advisory finds it "substantially likely" likely that spot commodity ETF shares would be held to be securities, OCC believes that it no longer needs to seek product-by-product exemptive relief from the CFTC to clear spot commodity-based ETF products, including precious metals commodity-based ETFs. OCC will no longer need to specifically identify commodity-based products in the fund share definition. OCC thus proposes a clean-up change to delete in its entirety the Interpretation and Policy to the fund share definition, which is no longer relevant or necessary, to avoid potential confusion.

¹⁴ See e.g., Securities Exchange Act Release Nos. 57895 (May 30, 2008), 73 FR 32066 (June 5, 2008) (SR-OCC-2008-07) (SPDR Gold Trust f/k/a streetTRACKS® Gold Trust Shares); and 61591 (Feb. 25, 2010), 75 FR 9981 (Mar. 4, 2010) (SR-OCC-2009-20) (ETFS Physical Swiss Gold Shares and ETFS Physical Silver Shares).

¹⁵ See e.g., 73 FR 31979 (Jun. 5, 2008) (SPDR® Gold Futures Contracts (f/k/a streetTRACKS® Gold Trust Shares security futures)); 73 FR 31981 (Jun. 5, 2008) (SPDR® Gold Trust Shares (f/k/a streetTRACKS® Gold Trust Shares options)); 73 FR 79830 (Dec. 30, 2008) (iShares® COMEX Gold Trust Shares and iShares® Silver Trust Shares); and 75 FR 37406 (Jun. 29, 2010) (ETFS Physical Swiss Gold Shares and ETFS Physical Silver Shares).

In general, OCC believes that the proposed changes would provide additional certainty to market participants regarding OCC's treatment of fund shares, including commodity-based ETF products, in accordance with applicable regulatory requirements and guidance. OCC believes that this proposed rule change does not make any substantive modifications to the fund share definition. Instead, the proposed changes update the definition with current details and remove those details that have become irrelevant due to the Advisory. Such changes would further ensure that OCC's By-Laws remain up-to-date, clear, and transparent.

(2) Statutory Basis

OCC believes the Proposed Rule Change is consistent with Section 17A of the Exchange Act¹⁶ and the rules and regulations thereunder applicable to OCC. In particular, OCC believes that the Proposed Rule Change is consistent with Section 17A(b)(3)(F) of the Act¹⁷ and Rule 17Ad-22(e)(21)¹⁸ thereunder, for the reasons described below.

Section 17A(b)(3)(F)¹⁹ of the Act requires, among other things, that the rules of a clearing agency be designed to remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions. OCC believes the proposed changes would facilitate the clearance of spot commodity-based ETF products in a manner that is consistent with regulatory

requirements and guidance. OCC believes the proposed changes would provide additional certainty to market participants regarding OCC's treatment of such products, which would reduce the likelihood that OCC Clearing Members would have jurisdictional concerns over trading these products. Reducing jurisdictional concerns that could impede the trading of new products would remove impediments to and perfect the mechanism of a national system for the prompt and accurate clearance and settlement of securities transactions by providing certainty regarding the treatment of fund shares.

Commission Rule 17Ad-22(e)(21) requires OCC to establish, implement, maintain, and enforce written policies and procedures reasonably designed to "be efficient and effective in meeting the requirements of its [clearing members] and the markets it serves" ²⁰ OCC believes the Proposed Rule Change is consistent with this provision because, as described above, by providing clarity in its By-Laws, it will (i) reduce the likelihood that OCC Clearing Members would have jurisdictional concerns over trading these products and (ii) ensure that OCC's By-Laws remain up-to-date and transparent. The proposed changes to the fund share definition are intended to facilitate the clearance of commodity-based ETF products in a manner that is consistent with the Advisory and applicable regulations and to provide additional certainty regarding OCC's treatment of such products. The proposed deletion of the Interpretation and Policy to the fund share definition would prevent potential confusion, as this provision is no longer relevant or necessary. Moreover, the Proposed Rule Change is not inconsistent with the By-Laws and Rules of OCC.

²⁰ 17 CFR 240.17ad-22(e)(21).

(B) Clearing Agency's Statement on Burden on Competition

Section 17A(b)(3)(I) of the Act²¹ requires that the rules of a clearing agency not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. OCC does not believe that the proposed amendments to the fund share definition, including the Interpretation and Policy, would impose any burden on competition because they would merely establish clear treatment of fund shares in a manner that is consistent with regulatory requirements and guidance. OCC believes that this Proposed Rule Change does not make any substantive modifications to the fund share definition but, instead, updates the definition with current details and removes those details that have become irrelevant due to the Advisory. The proposed changes would not inhibit access to OCC's services in any way, would apply to all Clearing Members uniformly and would not disadvantage or favor any particular user in relationship to another user. Accordingly, OCC does not believe that the Proposed Rule Change would have any impact or impose a burden on competition.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments were not and are not intended to be solicited with respect to the Proposed Rule Change, and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing Proposed Rule Change does not:

- (i) significantly affect the protection of investors or the public interest;
- (ii) impose any significant burden on competition; and

²¹ 15 U.S.C. 78q-1(b)(3)(I).

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²² and Rule 19b-4(f)(6)²³ thereunder.

At any time within 60 days of the filing of the Proposed Rule Change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.²⁴

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

F.

Fund Share

(8) The term “fund share” means a publicly traded security (as defined in Section 3(a)(10) of the Securities Exchange Act of 1934, as amended) that represents an interest in a trust, investment company, commodity pool, or similar entity holding and/or trading in one or more investments and, where the investments are commodities, that is subject to any applicable advisory, exemption or other relief or guidance issued by the CFTC.

~~***--- Interpretations and Policies***~~

~~For the elimination of doubt, OCC will treat as within this definition of “fund share,” and will clear and treat as options on securities, any option on SPDR Gold Shares, iShares® COMEX Gold Shares, iShares® Silver Shares, ETFS Physical Swiss Gold Shares or ETFS Physical Silver Shares. Similarly, OCC will clear and treat as security futures any futures contracts on SPDR Gold Shares, iShares® COMEX Gold Shares, iShares® Silver Shares, ETFS Physical Swiss Gold Shares or ETFS Physical Silver Shares.~~
